 - Grace approved previous minutes
2. Agenda Additions
 - Student expectations while learning via online (Grace)
 - Grace has heard that one particular teacher has advised that if a student is in a google class and does not have their camera on, they will be marked absent. She feels that some kids may not want to, may not have capabilities or other reasons not to be on camera.
 - Wade has said the expectation is to have camera is on and participate. There have been many students not participating.
 - K – 6 Draft Curriculum discussion (Tyne)
 - PRSD is not piloting the new curriculum in the next school year
 - Tyne asked Wade what it looks like for the administrator side
 - Wade feels there wasn't a lot of dialog between curriculum developers and educators. Grade 6 Social Studies topics moving to Grade 2. He feels not a lot of consultation regarding it. Changes lack developmental appropriateness.
 - Crystal as a board member feels it was a poor choice for the government to want to implement for next school year with everything all the teachers have had to deal with in the current school year.
 - Tyne reminds group the deadline to submit feedback to the PRSD is May 21, 2021. Parents and teachers are still able to submit feedback directly to the government after this date.
3. Principal's Report – Wade Johnson
 - Staffing update
 - Mrs Strachan will be back full time
 - Mdm June Hickey has retired

 - AERR to be completed in the fall
 - 3 year education plan has been separated in to two.
 - Three hot lunches were re-scheduled for June that were missed in May

- Crystal asked about the nutrition grant. Other schools are offering hot lunch for free and TA is still charging.
 - Wade advised that they brought in breakfasts from Java, A&W, etc. They (TA) spent it throughout the year.
 - Next year we will be getting the exact same amount. Will be using it for breakfasts, turkey dinner at Christmas, etc.
